

Agenda and minutes

Town Council meeting, Weds. March 13, 2019p.m.

Fire Safety preparation--never too soon to think about it.

PUT A ON FREEZE WINTER FIRES

Home fires occur more in winter than in any other season. As you stay cozy and warm this winter season, **be fire smart!**

Half or all home heating fires occur in the months of

Keep portable generators outside, away from windows, and **as far away as possible from your house.**

Install and test carbon monoxide alarms at least **once a month.**

Have a qualified professional clean and inspect your chimney and vents **every year.**

Heating equipment is involved in **1** in every **6** reported **home fires** and **1** in every **5** home fire deaths.

Store cooled ashes in a tightly covered metal container, and keep it outside at least **10 feet** from your home and any nearby buildings.

Keep anything that can burn at least **3 feet** from any heat source like fireplaces, wood stoves, radiators, or space heaters.

Plug only **1** heat-producing appliance (such as a space heater) into an electrical outlet at a time.

For more information on how to prevent winter fires, visit www.usfa.fema.gov/winter/ and www.nfpa.org/winter/

Outdoor defensible space is an area either natural or man-made, where material capable of allowing a fire to spread unchecked has been treated, cleared, or modified to slow the rate and intensity of an advancing wildfire and to create an area for fire suppression operations to occur.

How to file an incident report with the Sheriff's Department, when and why.
